# Click&Key

**Perfect solution for key storage or access cards of tourist rental apartments**

Managing the keys of tourist rental apartments is no easy task. And it may be even more complicated when it comes to real estate agencies or rental agencies.

Drop Point Systems lockers make delivery and pick up of keys much easier, thus offering a practical solution to apartment owners and agencies. Your guests will be able to access the lockers 24/7.

It is also a very practical solution for the delivery and pick up of keys at car rentals or car dealers offices.

## ADVANTAGES OF Click&Key

---

- ✓ Easy installation: only one power point is needed.
- ✓ Connection of the locker to an outside vandal-proof keypad for access to a building is possible.
- ✓ All operations are saved in the system and can be checked at the Drop Point Systems Cloud Server.
