## Baggage Lockers

**Your baggage is safe inside the  
Drop Point Systems smart lockers**

Visiting the city comfortably without dragging suitcases, backpacks or other belongings will allow the tourist to enjoy the city much more. One personal code will open the locker he will be able to use as many times as required during his reservation.

Our main customers are **hotels, youth hostels, rental apartment owners...**

## STANDARD SIZES

We can manufacture special sizes for you.

# M

(1 cabin suitcase + handbag)

An M size locker with a boarding suitcase and there is some place left for a small bag

# L

(2 cabin bags + 1 medium suitcase)

An L size locker with 2 boarding suitcases and there is some place left for a medium suitcase.

# XL

(1 very big suitcase + 1 backpack + 1 bag or 4 cabin suitcases + 1 backpack)

An XL size locker with a very big suitcase, a boarding suitcase, a backpack, and a bag.

## ADVANTAGES OF OUR BAGAGGE LOCKERS

---

- ✓ The lockers can be reserved from our customer's website.
- ✓ Unlimited access to the locker during your reservation period.
- ✓ Payment for hiring of locker, not for piece of luggage.

## EXTRA FUNCTIONS

---

- Outdoor keyboard at ground level connected directly to the locker inside a building. This provides access control to the building and allows us to offer a 100% automatic and operational 24/7 service.
- QR code reader.
